

About Us

Founded in 2010, MASES is a non-profit organization dedicated to providing orthopaedic surgeons and allied health professionals in the Mid Atlantic region with quality educational opportunities focusing on the shoulder and elbow. The purpose of this Society is to promote, encourage, foster, and advance the art and science of orthopaedic medicine, with focus on shoulder and elbow surgery; to establish a forum for free discussion and teaching among its members; to advance patient care and research affecting the practice of shoulder and elbow care in the Mid Atlantic region of the United States of America; and to inform the public as to the nature of shoulder and elbow care in the total health care system.
